- _20,000 people work in Packaging Valley
- _Established in 2007

Urban centres: the Stuttgart metropolitan region, Heilbronn-Franconia and Hohenlohe

Have you ever heard of Packaging Valley?

Southern Germany – between Stuttgart, Nuremberg, Munich and Frankfurt – is where a multitude of different packaging specialists call home. All driven by a shared passion and with focused expertise in the packaging sector.

Achieving more together

1 //

The Packaging Valley brand

With its very unique expertise, this packaging network is known worldwide. Technologies and innovations that originated here are in use all around the world. Capitalising on collective strength and visibility are the network's objectives. The Packaging Valley brand stands for state-of-the-art quality and technological advancement.

2 //

Networking, exchanging, and driving progress

Regular network meetings, workshops, working groups and company visits facilitate the exchange of ideas and the ongoing advancement of relevant areas of interest. A great asset for the individual companies and the community in Packaging Valley.

Expanded horizons
Factory visits to benchmark companies.

3 //

Insights, visions and valuable perspectives

What's going on in Packaging Valley? What's up in the packaging industry? Who is the right supplier for you? Who is the most suitable partner? On our website and our social media channels, we keep you up to date on current topics, industry information, career opportunities, events, projects and, of course, all the companies in Packaging Valley.

4 //

Together at events and fairs

Industry meetings, trade fairs, in-house events and company visits are scheduled regularly. Together with our members, we showcase Packaging Valley and its extensive portfolio of resources for the packaging industry – in the most effective way possible.

A concentrated presence

from which you benefit at our joint stand at the FachPack and Interpack shows.

Meet new talent

at the annual Packaging Valley event, where “Students meet entrepreneurs”. Students from all over southern Germany gather here to meet with our packaging specialists.

5//

Find specialists and packaging professionals

Whether a project manager or a welder, a marketing or purchasing professional, experienced or just starting out – on our career portal, you’ll find a great variety of open positions in Packaging Valley.

6//

Informed and qualified

In Packaging Valley, people exchange perspectives and ideas, and take on current challenges together. We organise training sessions on current topics, as well as seminars with experienced professionals and work groups.

A wide spectrum of topics

Digitalisation, virtual reality and augmented reality, human resources, data protection, mobile fitter training, trade fair training, copywriting seminars and so much more.

7 //

Expertise

Bringing together our vast knowledge in joint customer projects. An amazing diversity of technologies and innovations is at the heart of Packaging Valley. Every packing challenge and every project can and will be solved here. You'll find exactly the right partners and complementary know-how in Packaging Valley.

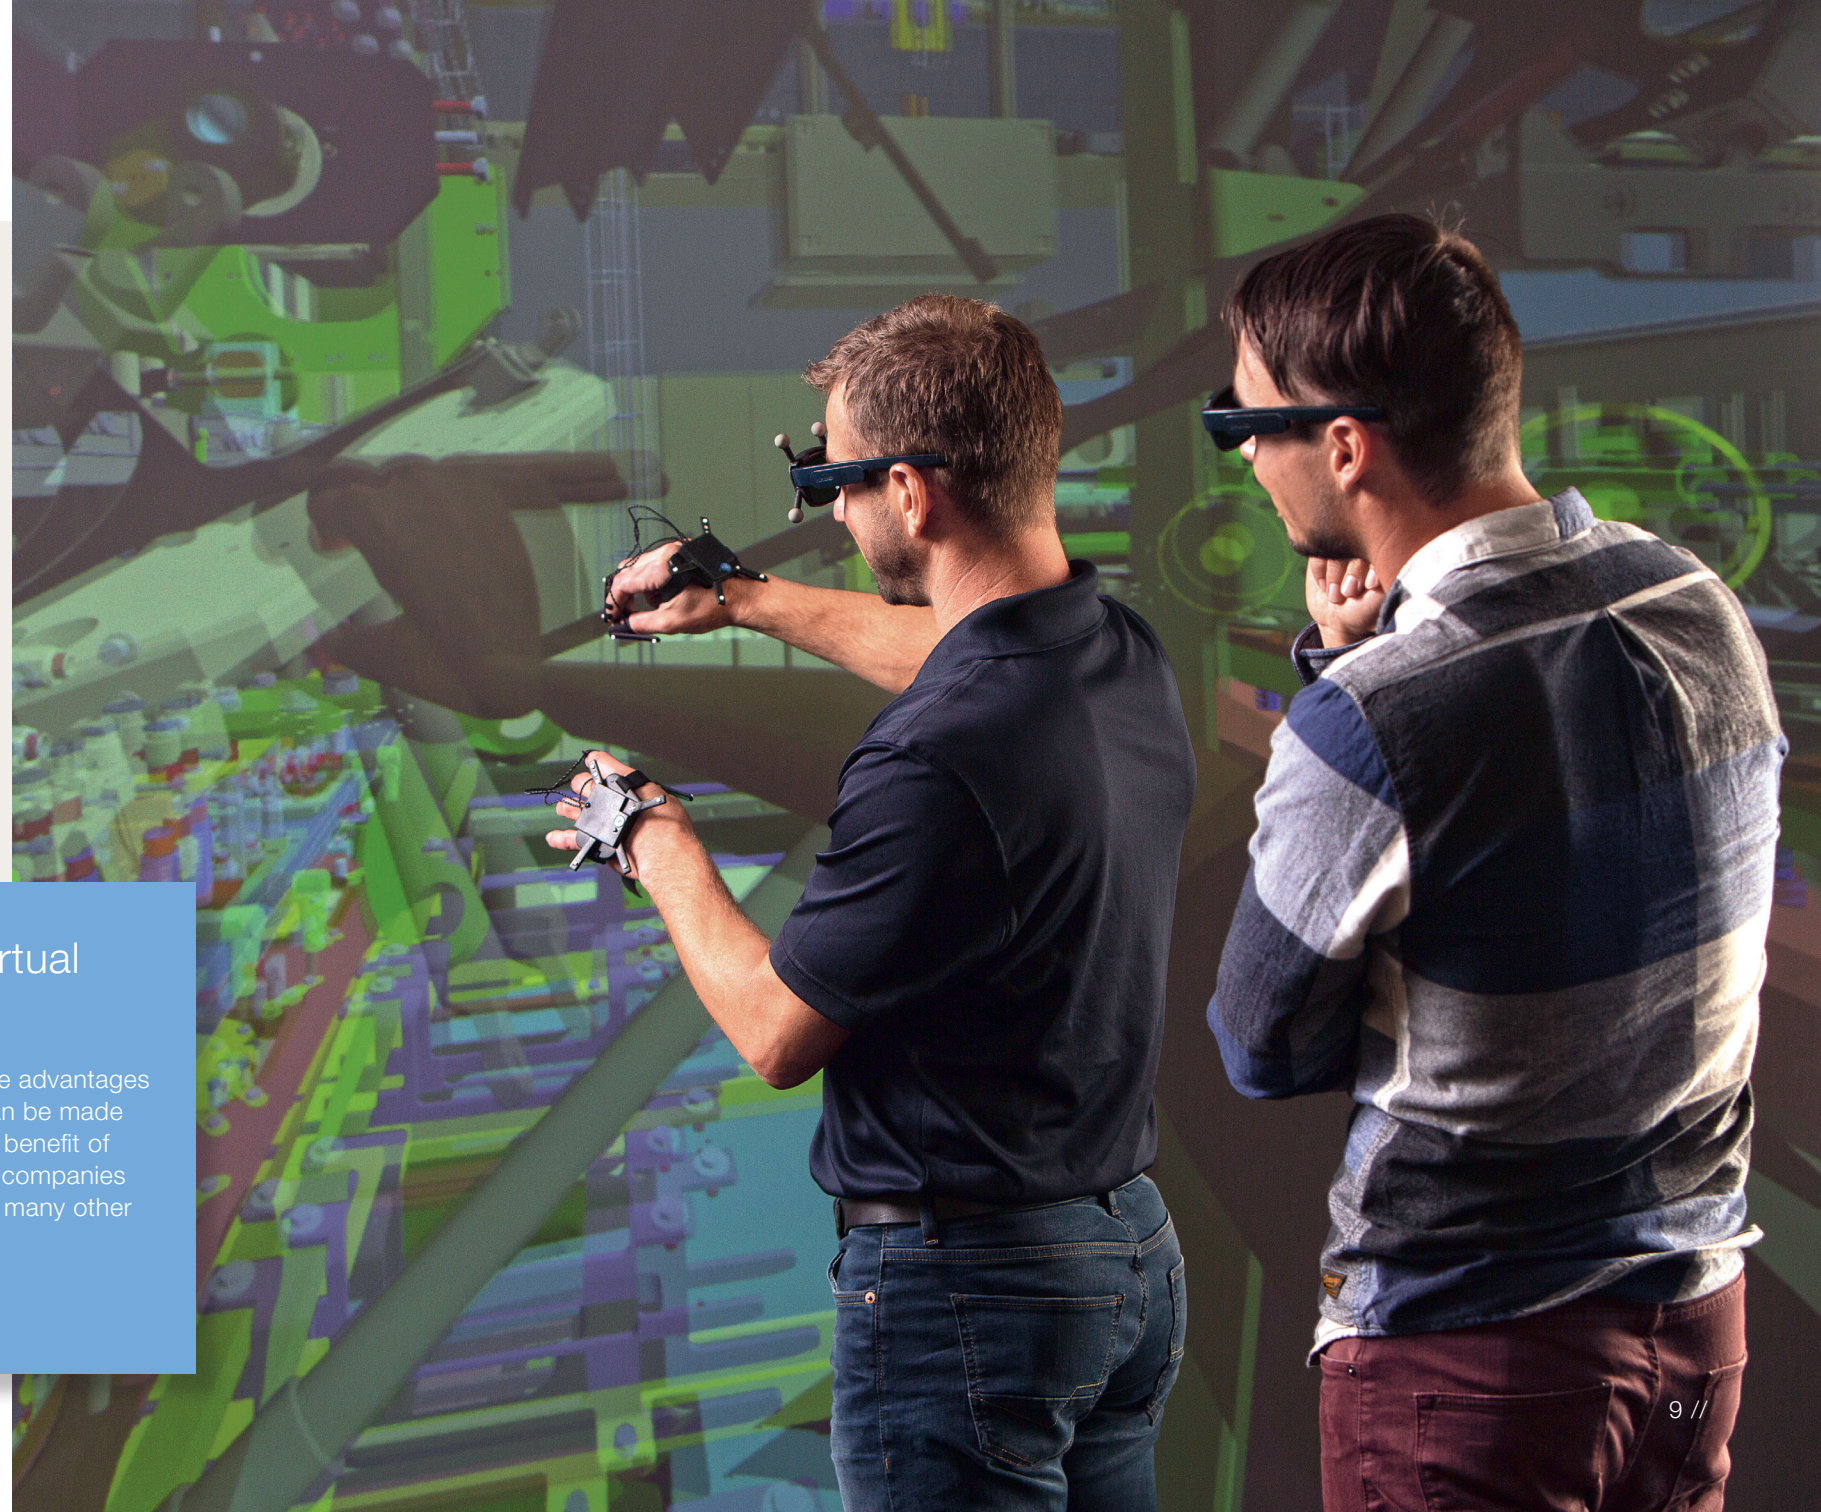

8 //

Leading the way

New developments and innovative projects can be introduced, implemented and supported more quickly within the network.

The topic of virtual reality

is an example of how the advantages of virtual applications can be made widely available – to the benefit of mechanical engineering companies as well as companies in many other sectors.

9 // Our network

We find suppliers for you, create contacts and pass on our vast experience.

Our networks

Trade fair stand designers and builders, agencies, speakers, technology enterprises, the press, associations etc.

10 //

Public awareness

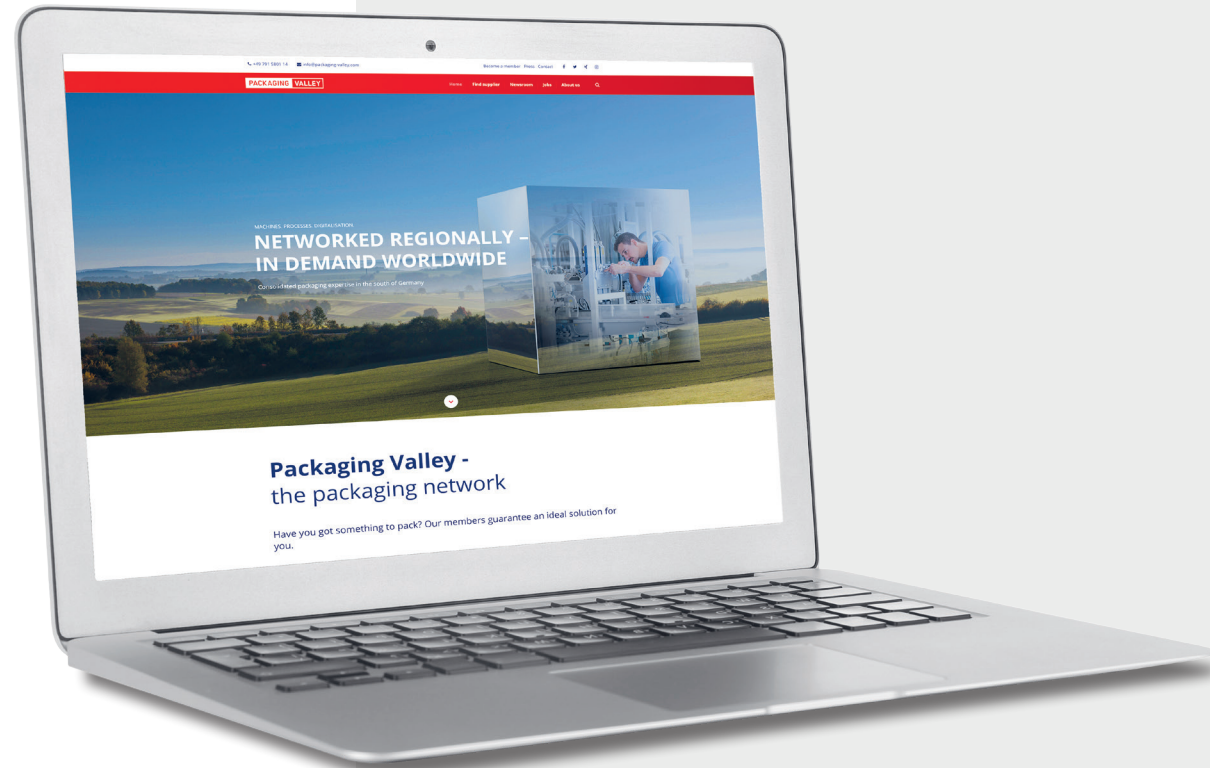

Together we can achieve much more – both within the region and beyond. Our central activities include working with local authorities, the state of Baden-Württemberg, political bodies and establishing collaborative relationships. As an alliance, we act in a way that is economically, socially and technologically advanced, as well as environmentally conscious.

Our collaborations

The Virtual Dimension Center (VDC), DVI Deutsches Verpackungsinstitut, ZLV Zentrum für Lebensmittel- und Verpackungstechnologie, Modell Hohenlohe, Wirtschaftsförderung Region Stuttgart (WRS), Hochschule für Technik und Wirtschaft Aalen, and the Hochschule der Medien Stuttgart.
